

# MOTIVATEXR

## Maintenance, Support & Operation Training using Immersive Virtual and Augmented Technology for Efficiency with XR

XR has the potential to revolutionise various industrial sectors by offering more engaging, secure, and inclusive training and assistance for complex tasks. However, its complexity, time-consuming creation, and high costs, limit its adoption in industries that lack the expertise and resources to develop and deploy these XR experiences.

### Our Ambitions

Digital Twins  
Made Easier

XR Authoring Tools  
Easy Access  
and Use

AI Knowledge  
Transfer to XR  
Experiences

Collaborative  
Industrial XR  
Experiences
